## OFFICIAL RESERVE ASSETS, APRIL 2009

At the end of April 2009, official reserve assets made up LTL 14.4 billion (EUR 4.2 billion). In April they declined by LTL 532.8 million or 3.6%.

Official reserve assets declined due to a decrease in deposits of MFIs and central government with the Bank of Lithuania respectively by LTL 439.6 million and LTL 106 million and a fall of LTL 16.4 million in the Bank of Lithuania's external liabilities. The decline in official reserve assets was slightly offset by an increase in other factors and currency in circulation respectively by LTL 16.1 million and LTL 13.1 million.

Data on official reserve assets for May 2009 will be released on 5 June 2009.
