Deposits of non-financial corporations posted the strongest growth over the last decade

At the end of the second quarter of 2020, deposits of non-financial corporations accounted for €8.3 billion, with their annual growth rate reaching 27%. It is the highest rate observed over the last 10 years.

At the same time, loans received by non-financial corporations amounted to €17.1 billion, a year-on-year decrease of 5.6% (the largest drop since 2011). Over the second quarter of 2020, loans shrank by €1.3 billion.

Domestic loans declined at the most rapid pace, reaching 9.4% on a year-on-year basis, to stand at €13.2 billion. External loans increased by 9.8% over a year, and at the end of the second quarter accounted for €3.8 billion.
