An aerial photograph of a construction site. The ground is covered with a grid of steel rebar. Several workers in orange safety vests and hard hats are visible, working on the rebar. There are some rectangular markings on the rebar grid. The background shows a dark, possibly paved area.

A special gratitude for DELOITTE for taking part in this project.

WE engaged in development of the Blockchain platform

WE developed emulated banks specifically for this platform

WE adapted Blockchain platform with our real identity verification process

A professional studio lighting setup. The scene is dimly lit, with the primary light source being a large, bright, octagonal softbox light hanging from a rig in the center. To the left, another large softbox is mounted on a stand. To the right, a smaller softbox is also on a stand, and a studio light fixture is visible. The background is a plain white backdrop. The floor is dark with some equipment scattered on it, including a camera bag and some small containers. The overall atmosphere is that of a professional photography or videography studio.

The result

A photograph of a rocket launch. The rocket is ascending vertically, leaving a bright white trail of fire and a massive, billowing cloud of white and grey smoke that fills much of the sky. In the background, a tall, slender water tower stands to the right of the launch site. The scene is set against a clear blue sky with some light clouds. The foreground shows a body of water reflecting the light from the launch.

The ability to pass the identity verification
process in real time

Safely share information between banks

A vintage Dukane projector is shown in a dark, atmospheric setting. The projector is mounted on a wooden crate and is projecting a bright, ethereal beam of light that fills the right side of the frame. The projector's body is dark with a lighter-colored control panel on the front. The control panel features the Dukane logo, a stylized 'D' with horizontal lines, and the brand name 'DUKANE'. Below the logo, there are three buttons labeled 'FOCUS', 'ADVANCE', and 'FRAME', each with a small colored indicator (red, green, and yellow respectively). The overall mood is nostalgic and futuristic, suggesting a connection between old technology and modern innovation.
