**OFFICIAL RESERVE ASSETS, JUNE 2013**

At the end of June 2013, official reserve assets amounted to LTL 19.3 billion (EUR 5.6 billion). In June they decreased by LTL 325.6 million or 1.7 per cent.

**Official reserve assets**
*End-of-period; LTL billions*

The decrease in official reserve assets in June was driven by a contraction of LTL 1.6 billion in deposits of other monetary financial institutions with the Bank of Lithuania and of LTL 138.9 million—in other factors. A part of the decrease in official reserve assets was compensated by an increase of LTL 1.1 billion in central government deposits with the Bank of Lithuania, a LTL 288.2 million rise of currency in circulation, a LTL 70.4 million growth of the Bank of Lithuania external liabilities and a LTL 1.2 million increase in the value of Special Drawing Rights.
